Heartless by Seafret

[Intro]
G G Em Cmaj [x2]

G **Em**
All night to the early morning
Cmaj7 **G**
Just damaging our health
Em
Sun rises without warning
Cmaj7 **G**
And history repeats itself

Last time ended so bad
Em **Cmaj7** **G Em Cmaj7**
Just looking for a way to get the feeling back

G
I tried to run but didn't get far
G/F#
Before I heard them calling
G
I kissed her in a crowded bar
G/F#
Stayed the night, left in the morning
Em **Cmaj7**
I, I wish I could stay

G
You said you would wait
Em
It's written all over your face
Cmaj7
You're just like the rest, so heartless
G **Em**
I said I would wait but they keep dragging me away
Cmaj7
Different places every day
Dadd9
Why go through this?

G
I go running to my friends
G/F#
They always make it better
G
I've been sitting on the fence
G/F#
Need to forgive or forget her
Em Cmaj7
I, I can't walk away

G Em
I said I would wait but they keep dragging me away
Cmaj7
Different places every day

Why go through this?
G
You said you would wait
Em
It's written all over your face
Cmaj7
You're just like the rest, so heartless

Dadd9 Cmaj7
She will search for another
Dadd9 Cmaj7
She will never look back
Am
And she's so pretty
Cmaj7 Dadd9
I'm just not like that

G
You said you would wait
Em
It's written all over your face

You're just like the rest, so heartless
G Em
I said I would wait but they keep dragging me away
Cmaj7
Different places every day
Dadd9
Why go through this?

When it's so heartless
